FOREIGN BROADCAST INFORMATION SERVICE

P. O. Box 2604

Washington, D. C. 20013

Chread

11 June 1985

25X1

You asked during a recent meeting of the Open Source Action Group as to where we monitor Soviet regional radios. The enclosed list indicates where these broadcasts are monitored.

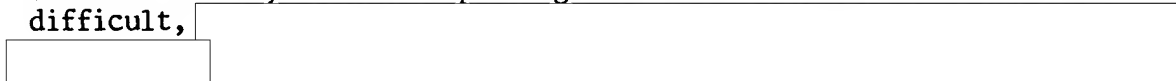

25X1

I am not certain why you need the information but I think you can see that any unusual reporting from some of these sites would be difficult,

25X1

25X1

For the purposes I think you have in mind you may prefer to use classified U.S. installations.

25X1

Sincerely,

Director
